SUBJECT: PERFORMANCE

The faculty, staff and students of Lewis Middle School would like to take this opportunity to thank you for the outstanding performance presented to the Lewis Middle School student body. It gave our students a true example of "cultural exchange" as they enjoyed the music, instruments, costumes, singing and dancing displayed by your group.

Needless to say, it was quite different from what our students are used too, but they were able to see how music plays a part in the lives of students from another country and area. Music and dance are such great components of our student's lifestyles and this gave them a chance to compare and experience new sounds.

We also had a chance to communicate with some of the participants after the show and enjoyed that experience also. Their enjoyment and view of our area made for an interesting discussion. Your group is an extremely talented and dedicated group and we appreciate the effort that it takes on your part to bring them to schools and other venues around the country.

Thanks again,

Dennis M. Samac
